1. Permission to participate

I am the participant's parent or legal guardian and authorize my child to participate in Frontier Cascadia, including coding, project development, presentations, and meals for in-person participants. I have discussed following event rules and staff safety instructions with my child.

This form is issued by Frontier Cascadia; questions about participation or this form should be directed to nikhil@frontiercascadia.org.

2. Acknowledgment of risks

I understand that participation can involve accidental injury, illness, food-allergy exposure, loss or damage to belongings, and risks from computers, electrical equipment, and permitted student-provided electronics. I understand that reasonable precautions cannot eliminate every risk.

For online participants, activities may involve Zoom or Gather for video calls, chat and screen sharing, and Devpost for project submissions. Online risks include unwanted contact, inappropriate content, and unintended disclosure of personal information. Students should not share sensitive information or proprietary material without permission.

Frontier Cascadia is not liable for any risks of participation.

Early departure is allowed. Students who are not finalists may arrange to leave after finalists are announced at approximately **7 p.m.** The event ends at **8:30 p.m.**, and all participants must depart by **8:45 p.m.**

If you have concerns about arrival, departure, or participation, describe them below. Frontier Cascadia will work with you to discuss a practical arrangement.
